September 2010

Dear Patron,

Welcome to a new school year. This letter details the Firth School District's progress toward state Reading and Mathematical goals and reviews options available to some students.

Each year, all districts are required to reach goals in Reading, Mathematics, and Language Arts. Districts must meet the proficiency targets in 41 different areas within these subjects. See attached Adequate Yearly Progress Report for the district's proficiency ratings. The full report is available from the Office of the Board of Education at <http://apps.sde.idaho.gov/AYP/Home/SelectPublic>.

Firth School District is in *School Improvement Year 3 (CA)* because *Students with disabilities* did not meet the academic targets in *Math*. In keeping with the No Child Left Behind [NCLB] law, the Firth School District may have education options available for individual students. Feel free to consult the District Superintendent on these options.

Districts do not take missing any goal lightly. The district is committed to using the best strategies to help individual students. The goal is for all students to be successful. To that end, districts will be providing strategies to help children who struggle to improve, such as:

- *Providing small group and one-on-one instruction for students in the regular classroom and providing remedial math to any student who is behind.*

There are many ways that you can be involved in helping us address the issues around District Improvement. Below are some ways local patrons can become involved:

- *Volunteer to serve on a district wide committee such as the Curriculum and Instruction or Strategic Planning Committees.*
- *Volunteer to serve on a school level committee such as PTA.*
- *Volunteer in your student's classroom.*

Thank you for your time, interest, and attention on this issue.

Sincerely,

Dr. Mike Rush  
Executive Director
